@RichardGarriott I've always been curious, what inspired or was the resource for the Codex of Ultimate Wisdom and also the lore behind the reagents for spell casting?

When I was working on Ultima][manuals with my mom as art director, I researched "authentic" magic books to my great disappointment. They were illogical, internally inconsistent & uninspired. I realized I could craft more believable fiction with a high degree of truthfulness!

That's brilliant then, I always thought you pulled them right from some Pagan ritual book. They read like they were directly copied from the shelves of a 1400's magus' home.
